Texas Model A Parts

CAM SHAFT SEAL INSTALLATION

Item # T3177-OS

- 1 Remove the old felt cam seal and clean the seal area of the timing cover and the outside of the new modern seal with contact cleaner or lacquer thinner. If you haven't already done so, this would be a very good time to check your timing cover alignment.
- 2 Check the seal surface on the cam for smoothness and apply a thin coat of grease. Apply a thin layer of silicone RTV sealant to both the seal and the timing cover.
- 3 With the lip to the inside, install the seal in the timing cover until the outside edge is flush with the cover. Sometimes the seal will push in and sometimes it will need to be driven. Henry wasn't too consistent with the hole size.

If you like our products, tell your friends. If you have a question or a problem, let us know.

Thanks, and Smooth Running,

TEXAS 'T' PART

LIMITED WARRANTY

Texas 'T' Parts will repair or replace any part that we manufacture, for a period of 90 days from the date of purchase, that wears out or breaks.

Since we don't install parts, the part must be installed on the type of individually owned and operated passenger vehicle for which it is designed. Of course, we cannot replace a part whose failure was caused by another faulty part, low fluid, or other abuse.

Return any part directly to us, along with a copy of the sales receipt showing the date of purchase, and \$5 to cover shipping & handling. Do not return parts to your dealer.

That's what our warranty means in plain English, but we regret we must include this legalese, too: THIS LIMITED WARRANTY REPRESENTS THE TOTAL LIABILITY OF TEXAS 'T' PARTS FOR ANY WARRANTED PART, AND TEXAS 'T' PARTS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TEXAS 'T' PARTS SHALL NOT BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES. Texas 'T' Parts reserves the right, at its option, to refund the customer's money instead of replacing a part. This warranty does not cover parts that are installed on marine, off-road, commercial, or government vehicles, or stationary units.
