Instructions for Exhaust Whistle Valve/Cutout Item# T18750-T

Remove exhaust pipe from front of the muffler, and install whistle valve/cut out. Cut off exhaust pipe to necessary length, allowing about 1" to 1-1/4" to fit into front of whistle valve.

If your exhaust header pipe and exhaust valve fit together snugly, you are ready to re-install. If not, cut 4 slots, 3/4" long, and secure with a clamp after installing and aligning it back on the car. Be sure that the lever (Open - Closed) works freely.

For opening, an original foot pedal works well, or for hand operation, a choke cable or hood release cable also works good (Located on the upper section of the seat riser). A screen door spring makes a good return spring to hold the valve closed.

If you like our product, tell your friends. If you have a question or a problem, let us know.

Thanks, and Smooth Running,

TEXAS 'T' PARTS

TEXAS 'T' PARTS LIMITED WARRANTY

Texas 'T' Parts will repair or replace any part that we manufacture, for a period of 90 days from the date of purchase, that wears out or breaks.

Since we don't install parts, the part must be installed on the type of individually owned and operated passenger vehicle for which it is designed. Of course, we cannot replace a part whose failure was caused by another faulty part, low fluid, or other abuse.

Return any part directly to us, along with a copy of the sales receipt showing the date of purchase, and \$5 to cover shipping & handling. Do not return parts to your dealer.

That's what our warranty means in plain English, but we regret we must include this legalese, too: THIS LIMITED WARRANTY REPRESENTS THE TOTAL LIABILITY OF TEXAS 'T' PARTS FOR ANY WARRANTED PART, AND TEXAS 'T' PARTS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TEXAS 'T' PARTS SHALL NOT BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES. Texas 'T' Parts reserves the right, at its option, to refund the customer's money instead of replacing a part. This warranty does not cover parts that are installed on marine, off-road, commercial, or government vehicles, or stationary units.
